TOWN MANAGER'S UPDATE

The Town Manager's Recommended FY23 Budget and Capital Plan was presented at a joint Select Board and Finance Committee meeting on December 6th. The next milestone in this process is presentations from departments on their respective budgets to the Select Board and Finance Committee on January 20th. View the budget and capital plan online at actonma.gov/manager.

The Finance Team has completed their work on the "Annual Comprehensive Financial Report" (ACFR) for Fiscal Year 2021. The ACFR also serves as the independent audit that is required for municipalities to conduct at the end of each fiscal year. This year's ACFR has recognized the continued strong financial position of the community, especially as we recover from the pandemic. View the ACFR online at actonma.gov/budget.

On December 9th, the Town of Acton was recognized by the Massachusetts Department of Energy Resources "Leading by Example" program (see photo at right) for our efforts related to climate action. The program highlighted Acton's leadership including declaring a climate emergency at Town Meeting, completing a greenhouse gas inventory, launching a Climate Action Plan process, procuring 100% renewable energy for all municipal buildings, and much more.

Sustainability Director Andrea Becerra presented the Climate Action Plan (CAP) Blueprint to the Select Board on December 20th. The Blueprint maps out the strategies for the Town to prioritize over the next 5-10 years to curb community-wide greenhouse gas emissions in our buildings, and transportation, and methods to adopt nature-based solutions. In collaboration with the Metropolitan Area Planning Council (MAPC), the strategies were developed with input collected through a survey and across eight virtual public workshops, one in-person open house, two advisory group meetings, a staff meeting with division heads, an Acton-Boxborough High school student-led workshop, a comment period, and interviews with over 20 staff members, members of boards and committees, and various organizations across Town. Mammals of New England

Tuesday, February 8, 2022 at 1:00 p.m.

Via Zoom—Pre-registration is required

https://actonma.zoom.us/webinar/register/WN_0JWZdKBWT9mrNgvDIYNISQ

There is a wide range of mammals found around New England, from the woods, fields and suburbs to the seashore. From the shy fisher to the comical chipmunk, rabbits, foxes, deer, coyotes and even black bear might visit neighborhoods, sometimes under the cover of night. Learn about mammal behavior, tracks and signs to help figure out who is in your neighborhood! But what about the shore? There we might see harbor, gray or even harp seals, or dolphins and whales off shore. Learn more about our New England marine mammals and tricks for telling them apart.

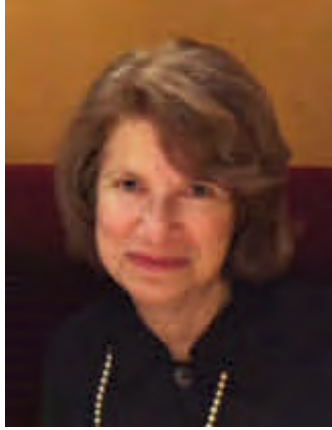

Presenter: Joy Marzolf of The Joys of Nature

Joy has been offering a variety of animal-related education programs for over 20 years. She has worked with a wide range of animals including marine mammals in rehab/rescue programs in Massachusetts, and a wide variety of captive and non-releasable rescued animals in Oregon. She has worked with reptiles in the wild, and in captivity, for over 20 years. Most recently, she was a Naturalist and Educator at Mass Audubon's Broadmoor Wildlife Sanctuary. Joy offers programs to a wide range of ages from pre-school to seniors.

This Workshop aims to educate seniors and their families about the plans and decisions to make after retirement. The focus is on health care, benefits, being prepared in case of any emergency and resources available to meet seniors' needs. Ellen will help you create your own "Go Bag" if you have to leave home quickly (for any reason) and a special "Grab-n-Go" Kit if you have a medical emergency.

Biography of Ellen Feinsand

Ellen Feinsand spent her career in the financial services industry helping people save for, transition to, and living in retirement. In 2014, she expanded her work to include advocating for seniors and earned a Certification in Gerontology, management of Aging Services, from the University of Massachusetts in 2015. Prior to that, Ellen founded D & G Consulting, Inc. in 1997, worked at Fidelity Investments from 1986 – 1997, and previously for a division of Traveler's Insurance. Ellen has an MBA from Boston University, an MA from Tufts University and a BS from State University at Albany.

JULIE PIERCE ONOS

TOWN MANAGER'S OFFICE: Please welcome Julie Pierce Onos, MBA to her new position as Economic Development Director in the Town Manager's Office! Julie holds a B.A. in Sociology from Yale University where she was a Mellon Research Fellow. She continued her studies with an MBA from Keller Graduate School of Management in Organizational Finance. Julie's career started in Connecticut where she worked on a research study analyzing the social and economic impacts of addiction on individuals, families and communities. She then moved to Massachusetts and began working for the Social Security Administration where she held a variety of roles including assisting the public with their retirement and disability claims, building public-private partnerships, creating and deploying training and auditing local field offices. After many years with SSA, she moved on to Middlesex Community College where she founded their STEM internship program. This work involved recruiting and supporting employers, interviewing and matching students with employers and creating the foundational policies and procedures to sustain the program for year to come. We are thrilled to have Julie working in her new position and look forward to increasing engagement with the business community!

ROBERT CARTER

MEMORIAL LIBRARY: Please welcome Robert Carter, the new Head of Children's Services at the Memorial Library! Robert has served as a librarian in several local communities, including Tyngsborough, Weston, Sudbury, and Winchester. He has also worked as a graphic designer, a stay-at-home father, and a makerspace manager. Robert loves working with children, discussing books, Dungeons & Dragons, teaching, and crafting. Robert holds a B.A. in Architecture from Lehigh University and a Masters in Library Science from Rutgers University. Robert's agenda is bursting with ideas for programming, and he would love to hear from the Acton community about children's activities you'd like to see at your library. Please introduce yourself when you're in the Children's Room (ask him about his dog and 3 cats) or send him an email (rcarter@actonma.gov).

LEO MERCADO

TOWN CLERK'S OFFICE: Please welcome Leo Mercado, the new Deputy Town Clerk! Leo comes to Acton after working multiple years in the Marlborough City Clerk's office, serving as Senior Vital Records Clerk and then Principal Elections Clerk. Leo enjoys learning local history and traveling to historical locations. Leo is looking forward to working with residents of Acton to assist them with their election or vital record needs. Say hello to Leo next time you visit Town Hall!

ACTON'S UPDATED PRECINCT BOUNDARIES

As part of the US Census process, the Commonwealth of Massachusetts Secretary of State's office is tasked with re-districting the legislative boundaries for municipalities. The 2020 Census has determined Acton's population is now 24,021. Given Acton's population increase, there is now seven (7) precincts in Acton, effective December 31, 2021. By law, there can not be more than 4,000 voters per precinct, thus creating the need for an additional precinct in Acton.

What does this mean?

Voters *may* have been shifted into a new precinct. However, the Select Board has recently voted to hold all elections at a single polling location, the **RJ Grey Junior High School Gymnasium located at 16 Charter Road**. As voters arrive, staff will be available to assist voters with finding their voting precincts.

FALL STORMWATER POLLUTION PREVENTION TIPS

Raking leaves onto a stormwater inlet creates more pollution of local streams and waterways. Not only do leaves contribute to stream pollution, they can cause localized flooding if they clog storm drains and pipes. Help protect nearby waterways from excess nutrients and never rake leaves into a storm drain.

WINTER STORMWATER POLLUTION PREVENTION TIPS

Start shoveling early! The more snow you remove, the less salt and sand you'll need. Below are some dos and don'ts when shoveling or plowing snow.

DO

- Pile snow in locations with the most opportunity to infiltrate into the ground.
- Pile snow in areas where water does not pond.
- Clear away any snow that may have been thrown onto the storm drains.

DON'T

- Do not pile snow on top of storm drains or near water bodies and wetlands.
- Do not pile snow in storm water detention basins, rain gardens or bioretention areas.

TIPS TO AVOID USING SALT AS A DE-ICER

More salt does not equal more melting snow. Follow product instructions when spreading deicing material and give it time to work. Salt can be harmful to pets and our waterways. Sweep up any material remaining after the snow/ice melts.

When temperatures hit 15° F or below, salt is not effective. Consider using traction materials such as cracked cornmeal, sand or kitty litter. If you're using traction materials that contain an acetate, potassium chloride, magnesium chloride, please read the product instructions to understand the pros/cons of these alternative traction measures.

Pay close attention to places that may have eroded during the snow melt. Plan to improve these areas in the spring by using native grasses, meadow plants, or native trees and shrubs.

DID YOU KNOW?

Leaves can be a great source of nutrients for your property, so consider mulching them into fertilizer for your yard or garden. However, a decaying mat of leaves on your lawn can expose it to mold and disease. If your lawn is covered with more than 50 percent of decaying leaves, consider bagging or composting leaves, rather than mulching.

Normal snow accumulation does not pose a threat to rain gardens, so there is no need to shovel a rain garden. However, heavy snow loads can weigh down and saturate your garden and hurt plants. Pile snow uphill from the rain garden so when the snow melts the rain garden can do what it is designed to do.

COMMUNITY RESOURCES

Acton Boxborough United Way (ABUW) Assist Grants

If you are a resident and need emergency help to pay rent and other essential bills, we can help. Emergency grants up to \$1,000 are available to eligible residents.
